

90 Day Supply of Maintenance Medications

Effective Immediately

Along with the other measures taken by FCPC to promote good health and reduce exposure to illness, we are offering 90 day supplies of some maintenance medications through September 30, 2020.

All 90 day supplies will have 3 co-pays. This is a voluntary program, and there is no financial incentive to participate.

The 90 day supply will be limited to a specific list of maintenance medications from Navitus. If you have questions about a specific medication, you can contact your pharmacist or the Navitus Help Desk at 866-333-2757. This number is found on the front of your ID Card.

Ideally, your provider will write a prescription indicating a 90 day supply may be filled. If your current prescription is not written for 90 days, your pharmacist has the ability to contact their office to authorize a 90 day prescription.
